THE HAWAII JUSTICE FOUNDATION 2012 ANNUAL REPORT

Act 180 was passed in 2011 by the Legislature and signed by the Governor. This is the best financial news for legal service providers in an economy that continues to present challenges to all. Act 180 increases both the filing fee surcharges and the types of cases included in the Indigent Legal Assistance Fund (ILAF), which HJF administers in cooperation with the Hawaii State Judiciary. The first step surcharge increase took effect January 1, 2012. The Legislature, the Governor, the Judiciary, legal service providers, HJF, Gary Slovin, Mihoko Ito, and the Access to Justice Commission are to be commended for their efforts that resulted in Act 180. The funds from Act 180 will not be sufficient to replace losses from other funding streams, but certainly Act 180 is a major milestone in improving access to justice for Hawaii's low-income population. A remaining challenge is to increase the yearly ceiling set by the Legislature that limits the amount that can be distributed from this account. Currently the ceiling is \$550,000, and a major push in 2013 will be the request to the 2013 Legislature to raise this ceiling to enable additional dollars to flow to the ILAF grantees.

In 2012, the Hawaii Justice Foundation (HJF) experienced many of the same financial difficulties faced by other charitable foundations. HJF's primary source of income is through the Interest on Lawyer Trust Accounts (IOLTA) Program. The amount of income from IOLTA varies directly with interest rates, which have dropped from 5.25% in September 2007 to 0.25% in December, 2008. In late June 2008, the Hawaii Supreme Court adopted HJF's requested Rule 11 amendment, making Hawaii the twentieth state to have "rate comparability." This has helped with our income losses from IOLTA, but the reality is that until interest rates return to 1.00% or higher, IOLTA income will be severely impacted.

Fortunately, previous actions of HJF have prepared us to meet these financial challenges. First, in 2003 we reduced our overhead to a minimum by eliminating our rented office and changing from two full-time staff with benefits to one part-time person who is an independent contractor. Second, we have set aside financial reserves for difficult times such as these. Third, HJF has diversified income streams and programs, so HJF is instrumental in the distribution of several sources of funds. Sums distributed through IOLTA in recent years are: 2003, \$68,500; 2004, \$70,000; 2005, \$70,000; 2006, \$155,000; 2007, \$278,000; 2008, \$410,000; 2009, \$345,000; 2010, \$175,000; 2011, \$152,050; and 2012 \$124,650. In addition to IOLTA grants, each year HJF distributes a total of \$100,000 to the ten Bretzlaff grantees. In 2012, HJF received \$45,000 from The Hart Foundation of Reno, Nevada. In FY 2011-12, in cooperation with the Hawaii State Judiciary, HJF distributed \$513,000 to eight grantees through the Indigent Legal Assistance Fund (ILAF). In 2012, HJF received a grant of \$10,000 from The Cades Foundation to fund expenses of the Annual Summit Conference, and a similar grant of \$10,000 has been awarded for 2013.

In 2009 HJF provided the necessary funding for the Access to Justice Commission and has actively participated in its various activities including co-sponsorship of the June 12, 2012 Access to Justice Summit held at the Richardson School of Law. Harvard Law School Dean Martha Minow was the keynote speaker. HJF is also active on a national level with ABA Access to Justice initiatives and the National Association of IOLTA Programs. HJF continues to work cooperatively with Hawaii's low-income legal service providers. **Certainly we all wish that times were better economically for all groups attempting to increase access to justice. Please be assured that HJF has sufficient operating income and reserves to ensure our continued ability to work for access to justice. We ask you to join with us in these efforts.**

2012 ILAF PROGRAM

2012 ILAF Grants Total \$513,000

The Indigent Legal Assistance Fund (ILAF) is a process where surcharges are collected on certain filing fees in the State of Hawaii Judicial System. These funds are retained by the Judiciary for distribution to qualified low-income service providers. The Hawaii Justice Foundation acts as administrator for these funds. ILAF funds are distributed in cooperation with the Hawaii State Judiciary, the low-income service providers, and HJF.

The amount available in ILAF funds varies each year, depending upon the number of eligible cases filed. In FY 2010-11, the amount distributed to seven grantees was \$330,000, and in FY 2011-12, the amount distributed to eight grantees was \$513,000. There exists a ceiling of \$550,000 per year that can be distributed from this special account, and a request is being made to the 2013 Legislature to increase the ceiling amount. This would enable significantly greater additional funds to flow to the ILAF grantees.
